

Multi-Media Support Furniture

Da-Lite has developed workstation furniture to support today's highly specialized audio visual and computer applications. A wide range of products are available to accommodate any combination of audio visual equipment, computers and related peripherals. These products are height adjustable and ergonomically designed for user comfort. Da-Lite also offers versatile furniture and carts for corporate or public library settings. These functional products handle the wide array of media most commonly found in these institutions.

Personal Workstations
*Compact Adjustable Furniture
 for Managing Personal
 Computers and Terminals*

Compact Workstations

- Accommodates personal computer and related equipment such as monitor, CPU, printer, mouse, etc. all in a 25½" x 18" footprint.
- Adjustable height, pull-out keyboard and mouse tray offers ergonomic comfort for individual users.
- Constructed of premium powder coated 1" metal frame and 5/8" laminated surfaces with rounded, high-impact resistant corners.
- Choice of two models: Compact-2 for housing components of personal computer only and Compact-4 with added shelves to house a printer and its paper supply.

CWT Workstation

- Designed for frequent use of a computer terminal or personal computer.
- Retractable keyboard shelf for user comfort.
- Handy copy stand for input documents or materials.
- Heavy-duty construction with rounded, high impact resistant corners and powder coated finish.

Printer Stands

- Ideal for heavy printer use. Can be used with any furniture arrangement where desktop space is at a premium.
- Heavy-duty construction with rounded, high impact resistant corners.
- Model PR-1 offers large top shelf for printer, retractable paper receiving shelf and shelf for paper supply.
- Model PR-3 fits under a desk and offers top shelf for printer, shelf for paper supply and wire catch basket.

Models:

Model Number	Dimensions H x W x D	
	in.	cm.
